

"The special thing about Kathryn's music is that it is so real. There is a consistency between the lyrics that she sings, and the personal philosophy that she projects when she speaks. It all "fits." She maintains a lot of credibility with her audience, because her music is so sincere and her stage presence reflects that same honesty and vulnerability."

Norm Johnson, President, Island Music Guild, Bainbridge Island, WA

"Kathryn has, in my opinion, a rare, genuine energy on stage – not a personal or stage gimmick – but simply a real, intense, passionate, sensual, open, beautiful way of being. Singer-songwriters, even good ones, are a dime a dozen. But it's rare to come away from a performance and feel like you've had an EXPERIENCE, something that has not just entertained you, but CHANGED you. That's my sense of what Kathryn brings."

Dan Keusal, singer-songwriter

"A Seattle singer/songwriter with a voice of honey and an easy laugh that quickly warms up audiences."

Seattle Post-Intelligencer

"Kathryn's performances are really a conversation with her audience through music and charm. Such is her easy, unpretentious manner. She packs our venue, too, and that's music to my ears!"

Les, Owner of Bazaar Café, SF, CA

"The Seattle-based artist writes with wisdom beyond her years, taking us on a journey through a set of warm folk expressions."

Performing Songwriter

"Kathryn's songs are little nuggets of contentment, offered in a conversational tone, rich with authenticity and simple charm."

Kevan Breitingar, Indie-Music.com

"Kathryn caught the Yakima Folklife crowd's attention with her authentic, honest vocals and strong feminine presence. Her music pulled me in like a moth to a candle. Don't miss her next time she plays."

Alan Knight, Central WA Entertainment News

"Kathryn is a rare whole-body/whole-being singer...she gives out everything she is through her voice, and most listeners inevitably come rapidly to the belief that she is singing directly to them."

Bill Fisher, Victory Music Review

"One of the best voices out there."

Kari Estrin, former manager, Suzanne Vega editor, How to Be Your Own Booking Agent

"Kathryn sings with passion, her face a single joyous booming smile...It inoculates one after another with a sense of happy contentedness; The epidemic is spread all around. This is the reflection of her power, her person, her music."
